- Vue X
- PHP
- Laravel
- WordPress

Education

- 2021 – 2022   IT Park

  Frondend programming

- 2023 IT Live Academiy

  Backend programming

About Me

I am a Full Stack developer. I have also participated in large projects and startups in my field. I create the Front-end part of the website using Html, CSS and Bootstrap Vue js. But I am interested in Back-end. I create Back-end with Php and Laravel. Because I like to think about challenging exercises. I have implemented projects in HTML CSS JavaScript in Frontend and PHP Laravel in Vue js Backend.

LANGUAGE

Uzbek
